Vireo Audio — Support Intelligence

Evidence-led agent review • CSAT • handle time • SLA economics • text themes • reproducible QA

Business goal

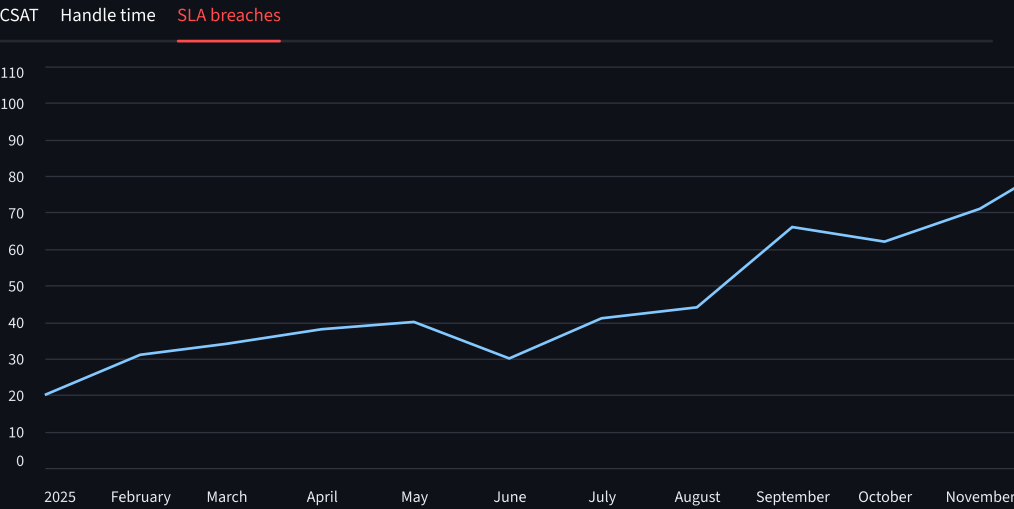

Planning target: reduce SLA-credit exposure by 20% from ₹332,850 to approximately ₹266,280. That is about **₹66,570** in avoided store-credit exposure over the analyzed period if the reduction is achieved.

This is a measurable planning target, not a claim that the dashboard proves causality.

TICKETS	TIER 1 CSAT	SLA BREACHES	SLA EXPOSURE	REPLACEMENTS	GOAL SAVINGS
11,750	3.42/5	951	₹332,850	1,896	₹66,570
Jan 2025–Jun 2026	No-response surveys excluded	Tier 1	50 breaches ₹350 per breach	Policy: unit cost + ₹340	20% exposure reduction target
